1. Introduction

1.1. Context

This document outlines our commitment to dealing with complaints about the service provided by Manor Park Medical Centre. It also provides information about how we manage, respond to and learn from complaints made about our service, it meets the requirements of the Local Authority Social Services and National Health Service Complaints [England] Regulations (2009).

The key issues taken into consideration when formulating this policy are that a complainant needs to:

- ✚ Know how to complain.
- ✚ Feel confident that their complaint will be dealt with seriously.
- ✚ Understand that their concerns will be investigated, and they will be informed of the findings of that investigation.
- ✚ Trust that Manor Park Medical Centre will learn from complaints, feedback and praise and apply those lessons whilst also learning from and sharing best practice

1.2. Definition of a Complaint/Concern

Definition of a complaint or concern:

A complaint or concern is an expression of dissatisfaction about an act, omission or decision of Manor Park Medical Centre, either verbal or written, and whether justified or not, which requires a response.

1.3. Scope

This policy applies to the handling of complaints or concerns relating to facilities / services provided by Manor Park Medical Centre. This would include Clinical care (GPs, nurses, pharmacists and Physician Associates) as well as non-clinical services by our non-clinical / reception/ telephony Team.

1.4. Complaints that cannot be dealt with under this policy

The following complaints will not be dealt with under this policy:

- A complaint made by an employee about any matter relating to their employment.
- A complaint which is made orally and resolved to the complainant's satisfaction no later than the next working day.
- A complaint arising out of an alleged failure to comply with a request for information under the Freedom of Information Act 2000.

2. Who can make a Complaint

Manor Park Medical Centre endeavours to always provide a high level of care and hopes that whilst you are a patient at our surgery you will not have reason to complain. However, we are aware that things can go wrong resulting in a patient feeling that they have a genuine cause for complaint. If this is so, we would wish for the matter to be settled as quickly, and as amicably, as possible.

If you find it difficult to make a formal complaint on your own, you can ask someone else to help you or do this for you. This can be one of your family or friends.

1. A complaint may be made by the patient who is affected by the action, or it may be made by a person acting on behalf of a patient in any case where that person:
 - is a child; (an individual who has not attained the age of 18) In the case of a child, we must be satisfied that there are reasonable grounds for the complaint being made by a representative of the child, and furthermore that the representative is making the complaint in the best interests of the child.
 - has died; In the case of a person who has died, the complainant must be the personal representative of the deceased, we may request evidence to substantiate the complainant's claim to have a right to the information.
2. Has given consent to a third party acting on their behalf; In the case of a third party pursuing a complaint on behalf of the patient affected we will request the following information: - Name and address of the person making the complaint; - Name and either date of birth or address of the affected person; and - Contact details of the affected person so that we can contact them for confirmation that they consent to the third party acting on their behalf. This will be documented in the complaint file and confirmation will be issued to both the person making the complaint and the person affected.
3. Has delegated authority to act on their behalf, for example in the form of a registered Power of Attorney which must cover health affairs.
4. Carer
5. Key support worker

Please note we keep strictly to the rules of patient confidentiality. If you are not the patient but are complaining on their behalf, we must have written consent from the patient stating they agree for you to do this. We would also like to know from the patient who the response should be sent to.

3. Time Scale for Complaints

Complaints should be made within **12 months** of the incident occurring or within 12 months of the date of discovering a problem that has arisen in respect of a particular incident.

4. How to Complain

5. Complaints Handling

All complaints will be acknowledged no later than **three working days** after the day the complaint is received, beginning with the day on which the complaint was made or, where that is not possible, as soon as reasonably practicable.

We aim to respond fully to each complaint within **28 working days** of acknowledgment; however, some complaints may take longer to investigate. If after receiving our response if the complainant is still dissatisfied, we will ask them to attend a meeting with the one of Lead Manager and if necessary/applicable the staff member who the complaint is about.

The complainant can expect that:

- They will be kept up to date with the progress of their complaint.
- If a case has passed the **90-working** day target (or the timescale agreed with the complainant if different), the complainant will receive an update every 10 working days thereafter the target has been surpassed. This could be by telephone, email or letter.
- They can expect to receive a quality response with assurance that action has been taken to prevent a recurrence.
- They will be informed of any learning.
