

## The NHS Friends & Family Test Results & Comments April 2018

A snapshot of comments by our patients are listed below:

- Attentive Dr who did not rush.
- Good service and care
- Dr Sadhra is an exceptional doctor
- The doctors at the surgery are always helpful and have been registered there a long time and never had any bad experiences.
- Only Dr Sanghera who is very good.
- Difficult to get an appointment
- Too long to wait for an appointment, sometimes up to 20 mins, which is unacceptable especially if working.
